

## Job offer

# SALES MANAGER PORTUGAL

DENIOS has been a leading specialist for more than 30 years in hazardous materials storage, operational environmental protection and safety at work. As a manufacturer and developer, DENIOS helps companies to deal with the growing responsibility in dealing with hazardous substances.

With more than 850 employees worldwide, we produce and distribute our products in 21 countries in Europe, America and China.

Currently we are looking for a SALES MANAGER PORTUGAL, who will be responsible of the business development in Portugal depending directly from our subsidiary in Zaragoza (Spain).

The workplace will be located in Portugal (exact location to be decided yet) and he/she will visit the headquarters in Spain approx. 1 week per month.

### Your profile?

You are a sales lover with technical background and motivated to develop a business from nearly the beginning. You have some experience in industrial sales, speak fluent English and are ready for new challenges!

If you think you are the right person for us, please send your CV in English language to the e-mail address:
